VISION • EXPERIENCE • ABILITY • AMBITION

www.crossconcreteflooring.com

ADVANTAGES

- Large stock - therefore flooring immediately available
- All raw materials are certified to relevant British Standards
- Fitted floor provides an immediate platform for following trades
- Suitable for a wide range of finishes
- No creaking joists
- Durability - not subject to rot / deterioration
- No precamber - ideal for finishing trades
- Subject to design, in most cases the upper floor walls can be solid block
- Soundproof
- Fire resistant - standard product achieves at least 1 hour fire rating without soffit finishes
